56LEDK1 & 56SW320RW with LED kit fitted

56LEDK3 & 56SW3632GY showing where LED's are to be fitted

**BOX QUANTITY** 1

**OUTER QUANTITY** 50

**FEATURES**

Field fit kits  
 Includes: LED on flying leads, Lens, O-Ring, Drill Bit 5.5mm (7/32), and instructions  
 LED 's provide more reliability and extended life compared to traditional neon's used in 56 Series  
 Dual voltage LEDs 240/415V  
 LED's can be fitted to any NEW 56 Series switch or combination switched socket, except changeover and reversing switches.  
 Increased flexibility for installers and distributors, with traditional fully built up neon switches having lead-times associated with them, this need no-longer apply.  
 Can be wired to indicate power on, or power available  
 Two kits:  
     Single with red lens  
     Triple with red, blue, and white lens' for three phase indication on two gang switch outlets

**SPECIFICATIONS** LED life hours: 20,000  
 LED stranded flying leads 22AWG  
 LED dual voltage: 240V/415V

## NEW PRODUCT DATA AND APPLICATION SHEET

**APPLICATIONS** For installation with NEW 56 Series switches and combination switched socket outlets, except changeover and reversing switches.  
Provides illuminated indication of switch or supply status

**COMMENTS** Installers must follow installation instructions to ensure IP rating is maintained  
Replaces all 56 Series neon switches, for example 56SW320NGY – this item and all other neon switches are no longer available.  
Point of note the above applies as the new products are released, White (RW) – June, Orange (RO) – July, and Grey (GY) – Q4 2009
