

Schneider Electric NZ – proud supporters of the Crusaders!

Schneider Electric NZ has been appointed as an official sponsor and Partner of the Crusaders franchise. As part of this agreement, Schneider Electric becomes the official and exclusive energy management systems provider and partner of the Crusaders.

This agreement covers the 2012–2014 seasons. Schneider Electric is delighted to be supporting NZ's most successful Super Rugby franchise and the wider Canterbury community, many of whom have suffered from the tragic events of 2011.

There are some fantastic opportunities in this sponsorship agreement and Schneider Electric looks forward to showcasing these with you in the future.

Schneider Electric NZ employs more than 150 people in the Christchurch facility which manufactures electrical accessories for the residential, commercial, and industrial markets

as well as medium voltage equipment for the utilities market. The Christchurch office and factory also houses the national customer care centre and sales regional office. Becoming an official sponsor and partner of the Crusaders franchise enhances Schneider Electric's commitment to NZ, the Canterbury region and its people.

We wish the Crusaders all the best in the 2012 Super Rugby season.

About Schneider Electric

As a global specialist in energy management with operations in more than 100 countries, Schneider Electric offers integrated solutions across multiple market segments, including leadership positions in energy and infrastructure, industrial processes, building automation, and data centres/networks, as well as a broad presence in residential applications.
